DEMAND FOR JURY TRIAL ..... 16

1 Plaintiff Robert Briseño (“Plaintiff”), individually and on behalf of all others  
2 similarly situated, alleges the following upon personal knowledge as to his own  
3 acts and, as to all other allegations, upon information and belief, and investigation  
4 by counsel.

5 **NATURE OF ACTION AND SUMMARY OF ALLEGATIONS**

6 1. Plaintiff brings this class action on behalf of himself and a class of  
7 persons who purchased any of the following cooking oils sold under the Wesson  
8 brand name: Canola Oil, Vegetable Oil, Corn Oil, and Best Blend (collectively  
9 referred to herein as “Wesson Oils”). Wesson is a brand owned, developed,  
10 marketed, and sold by defendant ConAgra Foods, Inc. (“ConAgra” or  
11 “Defendant”).

12 2. ConAgra labels its Wesson Oils as “100% Natural.” This  
13 representation is central to ConAgra’s marketing of Wesson Oils, and is displayed  
14 prominently on the product label itself, the Wesson website, and all Wesson Oils’  
15 advertisements.

16 3. But Wesson Oils are not “100% natural.” The oils are made from  
17 genetically modified plants (“GM”) or genetically modified organisms (“GMO”).

18 4. Monsanto Company, a global agricultural company that pioneered  
19 GM seeds, defines GMO on its website as food with “*genetic makeup altered to*  
20 *exhibit traits that are not naturally theirs*. In general, genes are taken (copied)  
21 from one organism that shows a desired trait and transferred into the genetic code  
22 of another organism.” Monsanto, [http://www.monsanto.com/newsviews/Pages/](http://www.monsanto.com/newsviews/Pages/glossary.aspx#g)  
23 [glossary.aspx#g](http://www.monsanto.com/newsviews/Pages/glossary.aspx#g) (last visited June 24, 2011) (emphasis added). As more fully  
24 alleged below, “unnatural” is a recognized defining characteristic of genetically  
25 modified foods.

26  
27  
28

1 this District, and otherwise purposely avails itself of the markets in this District,  
2 through the promotion, sale, and marketing of its products in this District.

3 **THE PARTIES**

4 11. Plaintiff Robert Briseño (“Plaintiff”), is a consumer residing in  
5 Vallejo, California. Briseño regularly purchased Wesson Canola Oil for his own  
6 and his family’s consumption, most recently in May 2011. Plaintiff believed  
7 Defendant’s representation that Wesson Canola Oil was 100% natural. Plaintiff  
8 would not have purchased Wesson Canola Oil, but for Defendant’s misleading  
9 statements about the product being 100% natural. Plaintiff was injured in fact and  
10 lost money as a result of Defendant’s conduct of improperly describing Wesson  
11 Oils as “natural.” Plaintiff paid for a 100% natural product, but did not receive a  
12 product that was 100% natural. Plaintiff received a product that was genetically  
13 engineered in a laboratory, and had its genetic code artificially altered to exhibit  
14 not “natural” qualities.

15 12. Defendant ConAgra is a Delaware corporation located in Omaha,  
16 Nebraska. It markets and distributes Wesson Oils.

17 **FACTUAL ALLEGATIONS**

18 **ConAgra Advertises Wesson Oils As “100% Natural”**

19 13. ConAgra sells four types of widely used cooking and food preparation  
20 oils under the Wesson brand. All Wesson Oils are sold with a label on the front of  
21 the bottle that states prominently “100% Natural.”

22 14. In addition to appearing on the product label, “100% Natural” appears  
23 on Wesson Oils online and print advertisements. For example, the Wesson website  
24 describes the four oils as follows:

25 (a) “Pure Wesson 100% Natural Canola Oil is the most versatile  
26 type of vegetable oil and it provides the best nutritional balance of all popular  
27 cooking oils.” See Exhibit A.

1 (b) “Pure Wesson 100% Natural Oil is the perfect all-  
2 purpose cooking and baking vegetable oil.” *See* Exhibit B.

3 (c) “Pure Wesson 100% Natural Corn Oil is the best oil to ensure a  
4 crispy [*sic*] coating on your fried foods while retaining moistness on the inside.”  
5 *See* Exhibit C.

6 (d) “Pure Wesson 100% Natural Best Blend Oil is highly versatile.  
7 Wesson Best Blend Oil is a perfect combination of two great oils [Canola oil and  
8 Soybean oil] that makes it just right for everything from grilling and frying to salad  
9 dressings.” *See* Exhibit D.

10 15. The “100% Natural” statement is, like much of the label on Wesson  
11 Oils, displayed in vibrant green. The “Wesson” name is haloed by the image of the  
12 sun, and the Canola Oil features a picture of a green heart. The Wesson Oils labels  
13 obviously are intended to evoke a natural, wholesome product.

14 16. The claim that Wesson Oils are “natural” is highly material to the  
15 average consumer, which is why ConAgra places “100% natural” on the front  
16 product label and Wesson Oils product advertisements.

17 **Wesson Oils Are From Genetically Modified Organisms**

18 17. Wesson Oils are derived from plants grown from GMO seeds that are  
19 engineered to, among other things, allow for greater yield and to be resistant to  
20 pesticides.

21 18. ConAgra, on the Conagra.com corporate site (but not on the Wesson  
22 site that consumers are more likely to visit), at the end of a pro-biotechnology  
23 piece, indirectly acknowledges that its Wesson Oils are genetically engineered.  
24 The page that displays this information requires numerous click-throughs to reach.<sup>1</sup>

25 <sup>1</sup> To reach the page from the ConAgra.com home page, a consumer would have to  
26 scroll to the bottom of the page, and under the “our commitment” column select  
27 the “corporate responsibility” link from more than a dozen other links. After that,  
28 the consumer would have to select the “good for you” link, which is one of more  
than a dozen total links on that page. From there, the consumer would have to  
select the “biotechnology” link from among the more than a dozen links on that

1 The piece extols the benefits of biotechnology. In the last sentence of the last  
2 paragraph the letters “GMO” appear, without being defined, as follows:

3 Biotechnology

4 In the past two decades, biotechnology has been used to improve  
5 yield, nutrition, resistance to drought and insects, and other desirable  
6 qualities of several common food crops, including corn and soy. As  
7 consumers grow more conscious about the types of foods they put in  
8 their bodies, some have asked about the role of biotechnology in food  
9 production and health.

10 As such, ConAgra Foods only purchases and uses ingredients that  
11 comply with the U.S. Department of Agriculture and Food and Drug  
12 Administration (FDA) regulations for food safety and nutrition. Both  
13 the U.S. Environmental Protection Agency and the FDA have  
14 concluded that biotech foods that are approved for human  
15 consumption are as safe and nutritious as other foods that are  
16 developed through more conventional methods.

17 However, we understand the field of food biotechnology is constantly  
18 shifting as advancements are made in the world of science, and will  
19 continue to reevaluate our internal policies, relying heavily on  
20 evolving science, consumer and customer expectations, and regulatory  
21 decisions.

22 *Ultimately, consumers will decide what is acceptable in the*  
23 *marketplace based on the best science and public information*  
24 *available.* We will continue to listen carefully to our customers and  
25 consumers on biotechnology *and provide alternatives for those who*  
26

27 page. The navigation to this page is not intuitive or even logical. Plaintiff did not  
28 visit the ConAgra site.

1            *demand products without biotechnology ingredients*. Two choices  
2            are our Lightlife brand, which is manufactured using non-GMO soy  
3            seeds, and our organic foods, which also do not use biotech  
4            ingredients.

5            ConAgra, <http://company.conagrafoods.com/phoenix.zhtml?c=202310&p=corp>  
6            \_consumers#FoodSafetyQuality (last visited June 24, 2011) (emphasis added).

7            19. Although ConAgra nobly says that “consumers will decide what is  
8            acceptable in the marketplace,” ConAgra’s Wesson Oils’ advertising robs  
9            consumers of the ability to make an *informed* decision because they are told that  
10           Wesson Oils are “100% Natural.” Further, reasonable consumers told that Wesson  
11           Oils are “100% Natural” have no reason to “demand products *without*  
12           *biotechnology ingredients*”—the “natural” designation represents to consumers  
13           that they are getting biotech-free food.

14           **Genetically Modified Organisms Are Not “100% Natural”**

15           20. Monsanto Company is one of the world’s biggest sellers of GMO  
16           seeds and an avid GMO-proponent. On its website, Monsanto defines GMO as  
17           follows:

18           Genetically Modified Organisms (GMO) – Plants or animals that have  
19           had their *genetic makeup altered to exhibit traits that are not*  
20           *naturally theirs*. In general, genes are taken (copied) from one  
21           organism that shows a desired trait and transferred into the genetic  
22           code of another organism.

23           Monsanto, <http://www.monsanto.com/newsviews/Pages/glossary.aspx#g> (last  
24           visited June 24, 2011) (emphasis added).

25           21. The World Health Organization (“WHO”), which is the United  
26           Nations’ directing and coordinating authority for health, defines GMO as follows:

27  
28

1 Genetically modified organisms (GMOs) can be defined as organisms  
2 in which *the genetic material (DNA) has been altered in a way that*  
3 *does not occur naturally*. The technology is often called “modern  
4 biotechnology” or “gene technology”, sometimes also “recombinant  
5 DNA technology” or “genetic engineering”. It allows selected  
6 individual genes to be transferred from one organism into another,  
7 also between non-related species.

8 Such methods are used to create GM plants—which are then used to grow  
9 GM food crops.

10 WHO, <http://www.who.int/foodsafety/publications/biotech/20questions/en/> (last  
11 visited June 27, 2011) (emphasis added).

12 22. Romer Labs, a company that provides diagnostic solutions to the  
13 agricultural industry, defines GMO as follows:

14 Agriculturally important plants are often genetically modified by the  
15 insertion of DNA material from outside the organism into the plant's  
16 DNA sequence, allowing the plant to *express novel traits that*  
17 *normally would not appear in nature*, such as herbicide or insect  
18 resistance. Seed harvested from GMO plants will also contain these  
19 [sic] modification.

20 Romer Labs, [http://www.romerlabs.com/en/analytes/genetically-modified-](http://www.romerlabs.com/en/analytes/genetically-modified-organisms.html)  
21 [organisms.html](http://www.romerlabs.com/en/analytes/genetically-modified-organisms.html) (last visited June 27, 2011) (emphasis added).

22 23. As demonstrated by the above definitions, genetically modified  
23 organisms are “created” artificially in a laboratory through genetic engineering.  
24 ConAgra’s Wesson Oils are not natural, much less “100% Natural.” Advertising  
25 Wesson Oils as natural is deceptive and likely to mislead the public.

26  
27  
28

1 **CLASS ALLEGATIONS**

2 24. Plaintiff brings this action on his own behalf and as a Class Action  
3 pursuant to Rule 23 of the Federal Rules of Civil Procedure. Plaintiff seeks  
4 certification of the following Class:

5 All persons in the United States who have purchased Wesson Oils  
6 from June 27, 2007 through the final disposition of this and any and  
7 all related actions (the “Class Period”).

8 25. Plaintiff and the members of the Class are so numerous that joinder of  
9 all members individually, in one action or otherwise, is impractical, based on  
10 Defendant’s national marketing and advertising campaigns that target consumers  
11 across the country.

12 26. This action involves questions of law and fact common to Plaintiff  
13 and all members of the Class, which include the following:

14 (a) Whether Defendant violated California Business & Professions  
15 Code Section 17500;

16 (b) Whether Defendant violated California Business & Professions  
17 Code Section 17200;

18 (c) Whether Defendant violated the CLRA, California Civil Code  
19 Section 1750;

20 (d) Whether Defendant’s conduct constituted a breach of express  
21 warranty; and

22 (e) Whether Plaintiff and Class Members sustained damages  
23 resulting from Defendant’s conduct and, if so, the proper measure of damages,  
24 restitution, equitable, or other relief, and the amount and nature of such relief.

25 27. Plaintiff understands and is willing to undertake the responsibilities of  
26 acting in a representative capacity on behalf of the proposed Class. Plaintiff will  
27  
28

1 fairly and adequately protect the interests of the Class and has no interests adverse  
2 to, or which directly conflict with, the interests of the other members of the Class.

3 28. Plaintiff has engaged the services of counsel who are experienced in  
4 complex class litigation, who will adequately prosecute this action, and who will  
5 assert and protect the rights of and otherwise represent Plaintiff and the absent  
6 Class Members.

7 29. Plaintiff's claims are typical of those of the absent Class Members  
8 because Plaintiff and the Class Members each sustained damages arising from  
9 Defendant's wrongful conduct, as alleged more fully herein.

10 30. This action is brought under Rule 23 because Defendant has acted on  
11 grounds generally applicable to all members of the Class and/or because questions  
12 of law or fact common to Class Members predominate over any questions affecting  
13 only individual members.

14 31. Judicial determination of the common legal and factual issues  
15 essential to this case would be far more efficient and economical as a class action  
16 than piecemeal individual determinations.

17 32. Plaintiff knows of no difficulty that will be encountered in the  
18 management of this litigation that would preclude maintenance as a class action.

19 **COUNT I**  
20 **Violation of California Business & Professions Code § 17500 *et seq.***

21 33. Plaintiff incorporates the above allegations by reference as though  
22 fully set forth herein.

23 34. Plaintiff brings this claim individually and on behalf of the Class.

24 35. Throughout the Class Period, Defendant engaged in a public  
25 advertising and marketing campaign representing that Wesson Oils are "100%  
26 Natural."  
27  
28

1 36. Wesson Oils are in fact made from genetically modified organisms  
2 that are not natural. Defendant's advertisements and marketing representations  
3 are, therefore, misleading, untrue, and likely to deceive the public.

4 37. Defendant engaged in its advertising and marketing campaign with  
5 intent to directly induce customers to purchase Wesson Oils based on false claims.

6 38. In making and disseminating the statements alleged herein, Defendant  
7 knew or should have known that the statements were untrue or misleading.

8 39. Plaintiff believed Defendant's representation that Wesson Oils were  
9 100% natural. Plaintiff would not have purchased Wesson Oils, but for  
10 Defendant's misleading statements about the product being 100% natural. Plaintiff  
11 was injured in fact and lost money as a result of Defendant's conduct of  
12 improperly describing Wesson Oils as "natural." Plaintiff paid for a 100% natural  
13 product, but did not receive a product that was 100% natural. Plaintiff received a  
14 product that was genetically engineered in a laboratory, and had its genetic code  
15 artificially altered to exhibit un-natural qualities.

16 40. Plaintiff and Class Members seek declaratory relief, restitution for  
17 monies wrongfully obtained, disgorgement of ill-gotten revenues and/or profits,  
18 injunctive relief, enjoining Defendant from continuing to disseminate its untrue  
19 and misleading statements, and other relief allowable under California Business &  
20 Professions Code Section 17535.

21 **COUNT II**  
22 **Violation of California Business & Professions Code § 17200 *et seq.***

23 41. Plaintiff incorporates the above allegations by reference as though  
24 fully set forth herein.

25 42. Plaintiff brings this claim individually and on behalf of the Class.

26 43. The circumstances giving rise to Plaintiff's allegations include  
27 Defendant's corporate policies regarding the sale and marketing of Wesson Oils.  
28

1 44. By engaging in the acts and practices described above, Defendant  
2 committed one or more acts of “unfair competition” within the meaning of  
3 Business & Professions Code § 17200. “Unfair competition” is defined to include  
4 any “unlawful, unfair or fraudulent business act or practice and unfair, deceptive,  
5 untrue or misleading advertising and any act prohibited by [Business & Professions  
6 Code § 17500 *et seq.*].”

7 45. Defendant committed “unlawful” business acts or practices by, among  
8 other things, violating California Business & Professions Code § 17500.

9 46. Defendant committed “unfair” business acts or practices by, among  
10 other things:

11 (a) engaging in conduct where the utility of such conduct, if any, is  
12 outweighed by the gravity of the consequences to Plaintiff and Class Members;

13 (b) engaging in conduct that is immoral, unethical, oppressive,  
14 unscrupulous, or substantially injurious to Plaintiff and Class Members; and

15 (c) engaging in conduct that undermines or violates the spirit or  
16 intent of the consumer protection laws alleged in this Complaint.

17 47. Defendant committed “fraudulent” business acts or practices by,  
18 among other things, engaging in conduct Defendant knew or should have known  
19 was likely to and did deceive the public, including Plaintiff and other Class  
20 Members.

21 48. As detailed above, Defendant’s unlawful, unfair, and/or fraudulent  
22 practices include making false and/or misleading representations that Wesson Oils  
23 is “100% natural.”

24 49. Plaintiff believed Defendant’s representation that Wesson Oils were  
25 100% natural. Plaintiff would not have purchased Wesson Oils, but for  
26 Defendant’s misleading statements about the product being 100% natural. Plaintiff  
27 was injured in fact and lost money as a result of Defendant’s conduct of  
28

1 improperly describing Wesson Oils as “natural.” Plaintiff paid for a 100% natural  
2 product, but did not receive a product that was 100% natural. Plaintiff received a  
3 product that was genetically engineered in a laboratory, and had its genetic code  
4 artificially altered to exhibit qualities that are not natural.

5 50. Plaintiff and Class Members seek declaratory relief, restitution for  
6 monies wrongfully obtained, disgorgement of ill-gotten revenues and/or profits,  
7 and injunctive relief, and other relief allowable under California Business &  
8 Professions Code Section 17203, including, but not limited to, enjoining Defendant  
9 from continuing to engage in its unfair, unlawful and/or fraudulent conduct as  
10 alleged.

11 **COUNT III**  
12 **Violation of the California Consumers Legal Remedies Act –**  
13 **Cal. Civ. Code § 1750 *et seq.* (Injunctive Relief Only)**

14 51. Plaintiff hereby incorporates by reference the allegations contained in  
15 all of the preceding paragraphs of this complaint.

16 52. Plaintiff brings this claim individually and on behalf of the Class.

17 53. This cause of action is brought pursuant to the California Consumers  
18 Legal Remedies Act, Cal. Civ. Code § 1750 *et seq.* (the “CLRA”). This cause of  
19 action does not seek monetary damages at this point, but is limited solely to  
20 injunctive relief. Plaintiff will amend this Class Action Complaint to seek  
21 damages in accordance with the CLRA after providing Defendant with notice  
22 pursuant to California Civil Code § 1782.<sup>2</sup>

23 54. Defendant’s actions, representations, and conduct have violated, and  
24 continue to violate, the CLRA because they extend to transactions that are intended  
25 to result, or that have resulted, in the sale of goods to consumers.

26  
27 <sup>2</sup> A copy of Plaintiff’s notice and demand letter sent to Defendant is attached  
28 hereto as Exhibit E.

1           55. Plaintiff and all members of the Class are “consumers” as that term is  
2 defined by the CLRA in California Civil Code § 1761(d).

3           56. Defendant sold to Plaintiff and other Class members its Wesson Oils,  
4 which are “goods” within the meaning of California Civil Code § 1761(a).

5           57. By engaging in the actions, misrepresentations, and misconduct set  
6 forth in this Class Action Complaint, Defendant violated, and continues to violate,  
7 Civil Code § 1770(a)(5) by misrepresenting that Wesson Oils are natural and has  
8 particular qualities that it does not have, namely, that it is 100% natural when it is  
9 not.

10           58. By engaging in the actions, misrepresentations, and misconduct set  
11 forth in this complaint, Defendant violated, and continues to violate, Civil Code  
12 § 1770(a)(9), by advertising Wesson Oils with intent not to sell it as advertised.

13           59. By engaging in the actions, misrepresentations, and misconduct set  
14 forth in this complaint, Defendant violated, and continues to violate, § 1770(a)(16)  
15 by misrepresenting that a subject of a transaction has been supplied in accordance  
16 with a previous representation when it has not.

17           60. Defendant violated the CLRA by representing through its  
18 advertisements Wesson Oils as described above when they knew, or should have  
19 known, that the representations and advertisements were unsubstantiated, false,  
20 and misleading.

21           61. Plaintiff believed Defendant’s representation that Wesson Oils were  
22 100% natural. Plaintiff would not have purchased Wesson Oils, but for  
23 Defendant’s misleading statements about the products being 100% natural.  
24 Plaintiff was injured in fact and lost money as a result of Defendant’s conduct of  
25 improperly describing Wesson Oils as “natural.” Plaintiff paid for a 100% natural  
26 product but did not receive a product that was 100% natural. Plaintiff received a  
27  
28

1 product that was genetically engineered in a laboratory, and had its genetic code  
2 artificially altered to exhibit qualities that are not natural.

3 62. Plaintiff requests that this Court enjoin Defendant from continuing to  
4 employ the unlawful methods, acts, and practices alleged herein pursuant to  
5 California Civil Code § 1780(a)(2). If Defendant is not restrained from engaging  
6 in these types of practices in the future, Plaintiff and the Class will continue to  
7 suffer harm.

8 **COUNT IV**  
9 **Breach of Express Warranty**

10 63. Plaintiff incorporates the above allegations by reference as though  
11 fully set forth herein.

12 64. Plaintiff brings this claim individually and on behalf of the Class.

13 65. Plaintiff, and each member of the Class, formed a contract with  
14 Defendant at the time Plaintiff and the other Class Members purchased Wesson  
15 Oils. The terms of that contract include the promises and affirmations of fact made  
16 by Defendant on Wesson Oils' packaging and through marketing and advertising,  
17 as described above. This marketing and advertising constitute express warranties  
18 and became part of the basis of the bargain, and are part of the standardized  
19 contract between Plaintiff and the members of the Class and Defendant.

20 66. Defendant purports through its advertising to create express  
21 warranties of Wesson Oils as natural by making the affirmation of fact, and  
22 promising, that Wesson Oils are "100% Natural."

23 67. All conditions precedent to Defendant's liability under this contract  
24 have been performed by Plaintiff and the Class, when they purchased the product  
25 and used it as directed.

26 68. Despite express warranties about the "100% natural" nature of  
27 Wesson Oils, Wesson Oils are composed of GMOs and are, in fact, not as they are  
28 found in nature.

# The Four Oils

Canola Oil | Vegetable Oil | Corn Oil | Best Blend

## Canola

### Good for your Heart

Pure Wesson 100% Natural Canola Oil is the most versatile type of vegetable oil and it provides the best nutritional balance of all popular cooking oils.

Wesson Canola's light, delicate taste makes it the perfect oil to be used in every recipe that calls for vegetable oil.

● Pure Wesson 100 percent Natural Canola Oil is good for your heart.

● Wesson's canola oil has the same health benefits as olive oil without the strong taste allowing for the food's taste to come through in cooking.

● Canola oil provides a source for healthy fat (monounsaturated fat) that is essential for everyday.

● According to the U.S. Food & Drug Administration (USDA), Wesson Canola Oil now comes with a **qualified health claim** on its ability to reduce the risk of coronary heart disease (CHD) due to its unsaturated fat content.

● Available in 24oz, 48oz, 64oz and 1 gal sizes in retail outlets - grocery, club and convenience stores

*Re: Demand for Action Pursuant to California Civil Code § 1782*

To Whom It May Concern:

We represent Robert Briseño, a purchaser of ConAgra Foods, Inc. (“ConAgra”) Wesson oils (referred to herein collectively as “Wesson Oils” and including Canola Oil, Vegetable Oil, Corn Oil and Best Blend). This letter serves as notice and demand for corrective action by ConAgra pursuant to Consumers Legal Remedies Act, California Civil Code § 1782 (“CLRA”). We hereby demand on behalf of Mr. Briseño and other consumers that you immediately discontinue the false and misleading advertising and marketing of Wesson Oils as “100% natural” and that you return the money you received as a result of your wrongful conduct to the purchasers of Wesson Oils.

Wesson Oils are marketed and advertised as “100% natural.” The term “natural” conveys to reasonable consumers that Wesson Oils are made of natural ingredients. However, Wesson Oils are not “100% natural,” but instead are made from genetically modified plants (“GM”) or genetically modified organisms (“GMO”).

Mr. Briseño, along with many other consumers, was enticed by Wesson Oils’ “100% natural” claims. Mr. Briseño and others purchased Wesson Oils, unaware of the fact that the representations about its natural ingredients were not truthful. The full claims, including the facts and circumstances surrounding these claims, are detailed in the Class Action Complaint, a copy of which is attached hereto and incorporated by reference.

June 27, 2011

Page 2

These representations and omissions are false and misleading and constitute unfair methods of competition and unlawful, unfair, and/or fraudulent acts or practices, undertaken by ConAgra with the intent to result in the sale of Wesson Oils to the consuming public.

ConAgra's practices involving its marketing, advertising and sale of Wesson Oils constitute violations of the CLRA § 1750 *et seq.* Specifically, ConAgra's practices violate CLRA § 1770(a) under, *inter alia*, as described with respect to the following subdivisions:

- (9) advertising Wesson Oils with intent not to sell it as advertised;
- (16) misrepresenting that a subject of a transaction has been supplied in accordance with a previous representation when it has not.

As detailed in the attached Complaint, ConAgra's practices also violate California Business & Professions Code §17200 and §17500 *et seq.* and constitute a breach of warranty.

While the Complaint constitutes sufficient notice of the claims asserted, pursuant to California Civil Code § 1782, we hereby demand on behalf of our client and all others similarly situated that ConAgra immediately correct and rectify these violations by ceasing the misleading marketing and advertising campaign for Wesson Oils, and initiating a corrective advertising campaign to re-educate consumers regarding the truth about Wesson Oils. In addition, ConAgra must offer to refund the purchase price of all Wesson Oils, plus provide reimbursement for interest.

We await your response.

Very truly yours,

Andrei V. Rado
